Southern Arizona Section Nominated for Award

The Southern Arizona Section was nominated for a ChemLuminary Award in the career programs category. Awards were presented at the National meeting held in Boston in August. Wayne Adickes, Chair Elect 2002, attended the meeting and the awards ceremony. He presented a poster on the Section's career activities prior to the awards presentation.

Volunteers Needed

The local Section is seeking volunteers for the following positions:

Science Fair Judges – If you would like to judge science fair projects at the middle school or high school level; or would like to work with students as a science fair advisor please contact Pat Schumann at pschumann@imarx.com or Wayne Adickes at adickes@u.arizona.edu.

Other openings include:

- ❖ **Event Coordinator**
- ❖ **Membership**
- ❖ **Communications (Public Relations) Officer**

If you are interested in one of these positions or would like more information please contact one of the individuals listed above.

Call For Nominations

It is time once again for the Southern Arizona Section of the ACS to elect new members of the executive committee. The positions that need to be filled this year are: Chair-elect, Secretary, Treasurer, and Alternate Councilor. If you would like to nominate someone (you may nominate yourself), please send the name and contact information of the nominee to Wayne Adickes by October 15, 2002. Nominations must be made in writing (email is acceptable). The mailing address is:

Chemical Education Committee Report

The first education committee meeting of the fall was held August 23. Proposals were initiated to support local science fairs and sponsor events for the upcoming National Chemistry Week. For science fair support, we'd like to help provide consultants for students and teachers, judges for local science fairs, and awards for both students and teachers. We received a specific request from Sahuarita Middle School to provide the names of speakers in October and judges later in the year. Any interested parties should contact Steve Brown, sbrown@u.arizona.edu.

For National Chemistry Week we would like to provide speakers to schools for the whole week with an emphasis on Mole Day, October 23 (Wednesday). Again, interested parties should contact Steve Brown. We also began developing ideas for Saturday, October 19 that would include public demonstrations by high school and college students and hands-on events for younger students.

Our next meeting will be Friday, September 20, 6 PM in room 203 of the Koffler building on the U of A campus. Any and all are invited to join us as we develop these plans.
